

WHO WE ARE AND WHAT WE DO DAUGHTERS OF THE NILE WORKING TOGETHER FOR THE CHILDREN

WHO WE ARE

Daughters of the Nile is an international fraternal organization for women 18 years of age or older. They are related by birth or marriage to a Shriner, Master Mason, or a Daughter of the Nile. They may also be a majority member in good standing of a Masonic-related organization for girls, or a former patient at a Shriners Hospitals for Children® (with or without a Masonic relationship). Founded in Seattle, Washington in 1913, Daughters of the Nile members total over 15,000 in more than 120 cities throughout the United States, Canada, Brazil and Bolivia. Our members are proud of their long association with Shriners International and their continuing support of Shriners Children's™.

The Daughters of the Nile maintain two permanent funds to benefit Shriners Children's™. The Daughters of the Nile Foundation (a 501 (c) (3) nonprofit charity) administers funds in the United States. In Canada, the funds are administered by the Daughters of the Nile Canadian Trust.

Our one and only charitable endeavor is Shriners Children's™ and their network of medical facilities throughout the United States, Canada, and Mexico. They are renowned for providing the highest quality care to children with neuromusculoskeletal conditions, burn injuries, cleft lip and palate, and many other special healthcare needs within a compassionate, family centered, and collaborative care environment. Shriners Children's™ also provide for the education of physicians and other healthcare professionals and cutting-edge research into new treatments and procedures to improve the lives of children and their families.

WHAT WE DO

The Daughters of the Nile contribute monetary donations of over \$2 million annually to Shriners Children's™ through our Foundations. Since 1924, we have contributed over \$75 million.

Each year our members give generously of their time and talents by providing more than 180,000 hours of volunteer time at the hospitals. In addition, they sew clothing, quilts, and special projects requested by the hospitals, provide books, toys, games, and other educational/recreational materials, and sponsor parties for patients and their families each month. The annual value of these hours and donated items is more than another \$1 million annually.
